## GOLDEN ALE

Balance. A bold beer for its ABV, our house yeast propels the grainy malt aroma with some bread notes out from the white compact head. The hops come through as citrus and seasoned herbs. A malty beginning is followed by hop and yeast fruitiness, fading into a balanced crisp finish.

## DARK ALE

A malt head's session-ready beer, this mahogany brew sends toasted bread, dark caramel and a light roastiness, as gourmet coffee, into the lucky atmosphere.

Noble wood-like hops are also present. In the flavor, delicate sweet malt gives place to the yeast's fruitiness, while the lingering, roasted finish comes from the dark malts.

## AGAVE LAGER

An original beverage. Created to introduce the earthen oven-smoked agave into a beer recipe, this lager takes the dark caramel and smokiness of the agave heart into the brew's lineage to create a refreshingly different lager. Anyone who has tasted cooked agave will recognize the caramel and smoke notes that blend into the aroma and flavor, which are supported by assertive malt and tropical hops. A special lager..

## IPA

Hop festival. The aromatics in this beer were designed as a pyramid, with the foundations set by delicate Vienna malts, then a layer of pine and resin, with a middle of citrus and stone fruits and then a sharp peak of Citra's dankness.

The flavor follows the aroma perfectly into a very long, bitter finish that nevertheless feels balanced and inviting.
