# FAMILIENBRAUEREI DINKELACKER

## HOPFENWUNDER

We took our well-balanced, unfiltered Lager beer and dry-hopped it with three aroma hops from the New World. The result is a beer that unites floral, citrus and tropical fruit aromas with a brewing tradition fully in line with the German Purity Law of 1516.

Nuestra cerveza rubia, equilibrada y sin filtrar, constituye la base, a la que agregamos en frío tres lúpulos aromáticos procedentes del Nuevo Mundo. El resultado es una cerveza que combina aromas florales, cítricos y tropicales con la tradición cervecera totalmente acorde con la Ley Alemana de Pureza de 1516.
