

Dinkelacker-Schwaben Bräu GmbH

Since 1888

The high quality demands of our master brewers are above all reflected in the care that they put into their work. This is not only underlined by the fact that our beers are brewed by hand, but also, and predominantly, by the aging period, which stretches over several weeks. This period of time not only enables the flavors to develop completely, but also leads to the fine carbonation and the typical head of our beers as a result of the fermentation process.

DINKEL ACKER

CD-PILS

- Brewed according to the German Purity Law of 1516
- Original Recipe since 1888
- Locally Sourced from Centuries Old Sustained Farms
- Only 4 Natural Ingredients: Hops, Barley Malt, Yeast & Water
- A classic pilsner beer for the true connoisseurs.

STYLE: A premium, smooth, bottom-fermented Pilsner.

Tasting Notes:

The tart, fresh scent and the floral hop bitterness are given by the finest Tettnanger hops. The selected malts and our fresh brewing water give the beer its unique characteristic. Refreshingly dry and pure – brewed with 100% local ingredients to Dinkelacker's ever-popular, harmoniously balanced Pils recipe.

Founder Carl Dinkelacker would be proud of our pleasantly bitter Pilsner. In honor of him, it continues to carry his initials. Our brewers' recipe for success: lots of passion and the best regional ingredients.

- Brewed according to the German Purity Law of 1516
- Original Recipe since 1888
- Locally Sourced from Centuries Old Sustained Farms
- Only 4 Natural Ingredients: Hops, Barley Malt, Yeast & Water
- A classic pilsner beer for the true connoisseurs.

STYLE: Premium Märzen Lager

Tasting Notes:

Dense white head with great retention. Amber in color. Nice and pleasant aromas of caramel and honey with good balance of malt and fruity notes. Rich textured palate with an underlying sweetness true to the Märzen tradition. A distinctive, original Märzen that is extremely smooth to drink.

The perfect fall seasonal beer to enjoy, from the special occasion to the full-on celebration.
